# THE SIP PROJECT

IMPACT AND EFFECTIVE DISSEMINATION

Erasmus+

# IMPACT

## What difference is the SIPP Project making?

- Teachers
- Students-remember equality issues
- Schools/colleges/academies
- Curriculum
- New Partnerships
- Any other relevant stakeholders-National Associations, Training Boards etc

# IMPACT

**Always think at 4 levels**

- Local
- Regional
- National
- International

Erasmus+

# IMPACT THEMES

- Improving and upskilling teaching.
- Reducing early school leaving.
- Ultimately tackling NEET and Skills Shortages.
- Improving identification of the students most at risk of early school leaving and intervening.
- Improving the work of other agencies and professionals other than teachers with students.
- Providing resources that others can replicate.
- Providing multidisciplinary training that others can replicate or participate in.
- Aligning its work with international campaigns such as International Women's day

Erasmus+

## IMPACT MEASURES

- Numbers training/Numbers delivering
- Numbers of students and their progress
- Organisations involved
- Dissemination events
- Local-How many students/schools/staff
- Regional-Number of organisations appraised
- National-National initiatives aligned to
- Europe-Access to web. Partnerships.

# DISSEMINATION

## THE MAIN PURPOSE

- Awareness raising
- The SIP project and its activities promotion
- Interactive communication
- Inform Europe on how the tool and associated resources including training could contribute to school improvement
- Deliver a multiplier event, an end of project conference in Ireland

# DISSEMINATION

## TARGET GROUPS

- teachers/trainee teachers
- teaching assistants
- employees of governmental and non governmental organizations working in education
- educational mentors
- careers counsellors
- parents and others

## SIPP Newsletter

October 2018 | Issue 7

**Key Project Updates:**

1. External Evaluator visits to the Czech Rep and Ireland October 2018
2. GRETB Trials move forward, as team prepares for Finland Training Event
3. Destinations Data, DfE

Co-funded by the support of the Erasmus+ programme of the European Union

**External Evaluator visits to the Czech Rep and Ireland October 2018**

Brian Martin the external evaluator for the project will visit the two Irish schools, Coláiste na Coiribe and Coláiste Bhaile Chláir during the week 8<sup>th</sup>-12<sup>th</sup> October 2018 and at least one institution in the Zlín region on the 25<sup>th</sup>-26<sup>th</sup> October 2018. The visits will aim to:

- discuss progress with tool trials,
- lend support and encouragement to colleagues,
- discuss data collection throughout the lifespan of the project.

Brian will aim to develop a case study for each institution which can be used on the project website and have discussions with those leading the project.

The visit timing will be very useful given the second training event is taking place in Finland in early November 2018. Brian will be able to provide comparative views on progress across the partnership having witnessed progress in two countries in situ.

**GRETB Trials move forward, as team prepares for Finland Training Event**

Over the past few months the team have spoken to the Principals of the GRETB to explain the Project, they have asked for their results to input into the tool and are working on this at the moment. Coláiste Bhaile Chláir had their first set of Leaving Certificate results in August so they have also put these into the tool. The team are doing a trial on the tool with a number of transition year students in Coláiste Bhaile Chláir before their trip to Finland and will provide feedback regarding the trial. A press release has been put together which has been sent to local newspapers and publicised on the GRETB websites & social media.
